

## **Appendix 2**

### **Regulated Activity**

Any person whose duties are deemed as Regulated Activity must have an Enhanced with Barred list check for either Children or Adults or both. The application process is the same as other checks.

Regulated activity, related to children, includes:

some HEI staff working in health centres / environments or learning support units may work with vulnerable adults

Staff working in student residences will not be covered by regulated activity if care or supervision of students is not an expectation of their role.
